

Personal Learning Point 2

In our second learning point we will take what we learned about intersectionality, interdependence and accountability and put that knowledge to use. Be prepared to do higher level critical thinking and analysis by way of a case study and reflection. Complete this learning point at your own pace but in general with a deep level of effort and thought it should take you about 45 minutes to an hour to complete.

Instructions:

1. Click on the links provided to access the lesson: each link is the same lesson but has a maximum of 35 folks.
2. If one link is full, please proceed to the next one (you will receive a message saying no more participants allowed if this is the case)
3. If you have any technical or personal issues, please email Ebony at ebony@ubunturesearch.com
